Profile

Motivated Full Stack Web Developer seeks entry-level role. Strong in **HTML, CSS, JavaScript, React, Node.js, TailwindCSS**. Committed to innovation, user-centric design, and staying updated on industry trends.

Skills

Frontend Technologies

HTML, CSS, JavaScript, React.js, Tailwind CSS

Database

MongoDB

Other Skills

Motion Design, API Integration, Problem Solving, Debugging

Backend Technologies

Node.js, Express.js

Web Development Tools

Visual Studio Code, Git

Professional Experience

Internshala, Intern & Trainee

04/2024 – present

- Enrolled in a **Full Stack Web Development** course, gaining hands-on experience in **HTML, CSS, JavaScript, React**, and **MongoDB**.
- Built and deployed **front-end** and **back-end** projects, including a weather app, portfolio, and online library, focusing on responsive design and user experience.
- Gained proficiency with **Git**, **Visual Studio Code**, and **GitHub** for version control, coding, debugging, and team collaboration.

Corizo, Intern & Trainee

08/2023 – 10/2023

- Collaborated with development and design teams to create responsive, user-friendly web interfaces using **HTML, CSS**, and **JavaScript**.
- Improved UI components and enhanced user satisfaction, while actively participating in daily stand-ups and sprint planning meetings.

Oasis Infobyte, Intern

04/2023 – 06/2023

- Created a calculator web app and tribute webpage, enhancing skills in **jQuery, CSS**, and **Bootstrap**.
- Gained valuable experience in web development, focusing on user-friendly designs and functional interfaces.

Projects

Online Library

- Developed an Online Library Web Application allowing users to search, filter, and browse books by categories, enhancing user engagement with a dynamic and responsive UI.
- Integrated **React**, **React Router**, and **Tailwind CSS** to create an intuitive and visually appealing platform, providing an exceptional user experience for book enthusiasts.

Weatherforecast Website

- Built a responsive weather app using **HTML, JavaScript**, and **Tailwind CSS**, integrating real-time data from the **OpenWeatherMap API**.
- Designed an intuitive UI to display weather metrics like temperature, humidity, and wind speed, with **local storage** for search history and city suggestions.

Portfolio Website

- Built an interactive, **responsive portfolio** with **HTML** and **CSS** to showcase my web development skills and projects.
- Used modern design elements to create an engaging, user-friendly experience, highlighting my technical expertise.

Education

Bachelor of Technology,

Deenbandhu Chhotu Ram University of Science & Technology

08/2016 – 07/2020 | Sonipat

- Electronics & Communication Engineering

Certificates

- Full Stack Web Development Course, Internshala 
- Web Development Bootcamp, Udemy
